## The BASIX-A Series

3 Input Channel Mixer Amplifier: 60, 125, & 250 Watt versions of Continuous RMS Power

Grommes~Precision has gone back to the "basics" with the new **BASIX-A Series** of utility amplifiers.

Sensible, practical, and economical, the **BASIX-A Series** combines "barebones" features and Grommes~Precision know-how to save you money, without compromising quality or reliability! Designed for background music telephone/microphone page, the **BASIX Series** will automatically mute the music input channel for higher page intelligibility and then "soft-start" ramp the music back up to its previous volume level.

The **BASIX Series** delivers 60/125/250 watts of continuous RMS power and features 3 channels (1 mic/1 600 ohm/Tel-Page, 2 aux) of low distortion, wide frequency response, tone control, and an optional isolated transformer Tel-Page input.

With over a half-century of experience in the industry, Grommes~Precision backs the **BASIX-A Series** of utility amplifiers with its unbeatable expertise and Precision Assurance Pledge: a **7 year warranty** and a **30 day money back guarantee**.
